1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on December 9, 2005 has been entered.

### *Allowable Subject Matter*

3. The following is an Examiner's statement of reasons for allowance:

However, the closest prior art does not disclose or fairly suggest wherein the control unit additionally increases the gain when the measured temperature is lower than the predetermined temperature and a signal amount of the picked-up image signal is lower than a predetermined signal amount and further decreasing the gain when the measured temperature is lower than the
